

SOME OF THE HAZEL CREEK PLANING MILL CREW

It wasn't till we saw this picture that we realized what a good looking bunch we are.

1. The Smoky Mountain Limited, with C. N. Crowder in the chair. C. H. Wilson, the usual custodian, is shown in the picture on page 21. These two men have to their credit thirteen and nineteen years of service respectively. Sojourners in our midst need have no apprehension about getting in or out so long as such experienced hands as those of Crowder and Wilson have control of the throttle.
 2. John Frasier, Stacker, and Nandus Foote, Tripper, putting away some of Jim Hackney's forty thousand a day.

Figure 4.14. "Some of the Hazel Creek Planing Mill Crew."
